Dear IAM Member,

Your organization's enrollment in Park'N Fly's Association Discount Program has always offered your membership great value and savings in airport parking. We are committed to offering your members great value; however we've had to make an adjustment to our overall pricing, and hence to the savings program your membership has access to. Effective June 20<sup>th</sup> 2022, new rates will be applied at all locations. Your new discount code is shown above and is valid immediately.

These new rates will continue to offer your membership significant savings over our posted rack or web rates. The savings will vary depending on the market and season. Attached are the new preferred rates that have been extended to your organization.

In addition, these savings can now only be realized when your members reserve in advance of their parking stay. To seize these savings and discounted rates, your members can proceed to download and book through the mobile app or by going to our website and entering the discount code in the optional discount field to reserve and save.

Park'N Fly is Canada's only national airport parking provider, now operating in 7 markets: Vancouver, Edmonton, Winnipeg, Toronto, Ottawa, Montreal, and Halifax. During the recent downturn in business due to the pandemic, Park'N Fly made significant investments in technology to improve your member experience.

Park'N Fly launched a new and improved app, allowing your members to enjoy a seamless, quick, stress-free parking experience. Through the app, your members will enjoy:

- **Great savings** on every parking stay, when reserving and entering your discount code
- **Quick entry & exit** from facility using touchless technology
- **Avoid the stress of lining up to pay;** by adding payment to the reservation, you can fast track your way home
- **Paperless transactions;** receive an e-receipt in their inbox

The associated savings, coupled with this latest technology, continues to make Park'N Fly the destination of choice for airport departing travellers.

Thank you for your continued support. If you require any additional information please contact your local sales associate.

Regards,

Park’N Fly Canada

Frank C. DeCesare, Vice President, Marketing and Sales

Jason du Sautoy, National Sales Manager

\* Please note, the Park’N Fly app is not supported in Halifax
